CAKE DECORATIONS

Every cake we make is treated special, no matter the occasion. Regular decoration are included in the price. However, for a small extra price, you can add: personalized monograms, edible images, fondant or gum paste flowers, extra amounts of buttercream flowers, toy kits and, many more.

BENEFIT OF FONDANT

Fondant is a rolled sugar frosting that is placed over an iced cake. Fondant allows us to do things we cannot do with buttercream, like icing the cake in dark bold colors such as red, black, midnight blue, or dark purple. These colors look so much better in fondant than they do in buttercream. Also, fondant allows us to paint your cake in many different designs such as gold or with animal prints.

❗ Do not keep fondant cake in fridge as it creates condensation and leads to melted fondant. The cake will need to be in a cold dry spot away from sunlight. If you have leftover cake it can be stored in an airtight container and refrigerated.

ADVICES AND AWARENESS

CAKE TRANSPORTATION

Box with cake needs to be levelled on a seat, not leaning on its side. We will place the cake in your vehicle, just ask!

❗ Drive with CAUTION! Avoid sudden stops, excessive acceleration or sudden lane changes. Air conditioning must be running during travel.

We strongly recommend to choose "pick up" option for Customised Cakes from one of our outlets.

REFUND POLICY

All our cakes and pastries are specially prepared for your order. Our team takes great effort to prepare the ingredients and artwork. We do not encourage any last minute changes or cancellation which may lead to dissatisfaction in final deliverables. If you are eligible for any refund it will be made in the form of shop credit.

Refunds cannot be given if the fault is a result of your own actions such as temperature abuse, providing misspelt message, low resolution off size image.

We will not be able to refund products which are not delivered due to faulty addresses, recipient unavailable and other causes beyond our control.

We deal in highly perishable food items. We strongly request that food once sold will not be taken back or exchanged.

If you insist on choosing "home deliver" option for customised cake, it is organised through third party. Cost and risk is entirely borne by the customer.
